MAYOR'S SPECIAL EVENTS TASK GROUP

Special Events Planning Guide

Introduction

As the nation's capital, Washington, D.C. hosts numerous special events that reflect the city's diverse and rich heritage while contributing to the spirit and vitality of the city. The Government of the District of Columbia provides essential municipal services in support of special events to ensure events occurring on public space in the District of Columbia are conducted in a manner that protects public health and safety. Coordinating the city's public safety planning efforts for events requiring interagency coordination is the responsibility of the Mayor's Special Events Task Group (MSETG). The MSETG is responsible for providing interagency reviews and assessments of the operational, public safety and logistical components of proposals for special events.

Special Event Definition

For the purpose of this guide, a special event is considered to be, although not limited to, a parade, walk, run, bike ride, procession (excluding First Amendment and funeral processions), or festival requiring interagency coordination for the temporary use of public roadways under the ownership or control of the District of Columbia that requires changing, restricting, or adapting the normal and usual regulations or controls of such space held open for use by the general public, but not including sidewalks and parks, for activities of a recreational, entertainment, amusement, educational, or civic nature not solely conducted for vending, marketing or commercial purposes, and subject to the special event user fees for permits and licenses to cover the costs to the District for providing public services and personnel necessary to protect public health and safety.

Activities protected by the First Amendment to the United States Constitution, including assemblages organized to consult for the common good, petition the government, exercise worship or religion, or demonstrate as a public display of sentiment for or against a person or cause for the purposes of speech making or address do not require the approval of the MSETG. Organizers of First Amendment activities should contact the Special Operations Division of the Metropolitan Police Department on (202) 671-6522.

MSETG Planning Requirements

Presentation Process

The MSETG meets to review presentations of proposed events the second and fourth Monday of each month, except on government holidays. The organizers of proposed special events are required to present event proposals to the MSETG and receive the concurrence of the group prior to the issuance of permits or licenses by the permit-granting agencies. It should be noted that the applicable permit-granting agencies have the final authority for establishing and ensuring compliance with requirements relative to any activities under their respective jurisdictional authority. Presentation requests in the form of a Letter of Intent (LOI) must be received no less than **ONE HUNDRED EIGHTY (180) DAYS** prior to the date of the event and are processed up to one year prior to the proposed date of the event. The LOI should be addressed to D.C. Mayor's Special Events Task Group; 2720 Martin Luther King, Jr. Avenue SE, 2nd Floor; Washington DC 20032. The LOI may be submitted to loi.msetg@dc.gov.

The LOI must minimally contain the following information:

- ☐ Name/title of the proposed event
- ☐ Organizer/sponsor of the proposed event

- ☐ Primary Contact person (include telephone number and email address)
- ☐ Event organization telephone number and website for public notice

The MSETG is not required to act upon an incomplete LOI. An organizer submitting an incomplete LOI will not be granted a presentation and will not have administrative recourse rights to a presentation if the required information as set forth herein is not provided. It is therefore important to provide all required information and documentation in a timely manner throughout the review process.

Once the LOI has been received by the MSETG, the organizer of the event will be contacted for the purpose of scheduling a date for a presentation to the MSETG. The presentation of the event to the MSETG should minimally include the following:

- ☐ Purpose of the event
- ☐ Proposed date of the event
- ☐ Proposed location/route (include detailed narrative and map of route for processional events)
- ☐ Proposed beginning and ending times of the event
- ☐ Street closure requests (must include specific block(s) to be closed with names of intersecting streets)

- ☐ Set-up and dismantling timelines
- ☐ Street closure controls (i.e. security vehicle, water barriers, etc.)
- ☐ All structure and temporary structures in and around event footprint
- ☐ Fire hydrant locations (maintain 3 feet clearance on all sides of hydrant)

MAYOR'S SPECIAL EVENTS TASK GROUP

Special Events Planning Guide

- ☐ Streets and roadways bordering event
- ☐ Detailed event plan with activity/programmatic timelines
- ☐ Detailed diagram of entire event set-up (each street closure must include an unobstructed 20 feet emergency access lane, stages, tents, equipment, fencing, etc.)

Site Plan/Route Map

The required site plan and/or route map (see samples on page 7 labeled as figure 1 and figure 2, respectively) must be included with the presentation package to provide a visual representation of all the infrastructure and operational event elements of the proposal.

The final permits issued by the District will only be valid for the venue areas and event elements described in the presentation, site plan, and/or route map and approved by the MSETG. Modifications requested may be required during the review process and will be incorporated in the final permits. Following are guidelines to assist in the development of the site plan or route map:

It is the responsibility of the event organizer to provide a legible site plan sized to scale to the MSETG for review of an event. The site plan must minimally include the following:

- ☐ An outline of the entire event venue including the names of the street or areas that are part of the venue and the surrounding area.
- ☐ If the event involves a moving route of any kind, indicate the direction of travel and all street closures.
- ☐ The location of fencing, carriers, and/or barricades. Indicate any removable fencing for emergency access.
- ☐ The provision of a minimum twenty (20') feet emergency access lane throughout the venue.

Thirty-five (35) hard copies of the presentation must be submitted to the MSETG no later than the Wednesday before the scheduled presentation date. The organizer will be required to give a brief presentation and upon completion, a roundtable discussion will begin to include, but not limited to the following subjects:

| <input type="checkbox"/> Venue Design/Site Plan | <input type="checkbox"/> Environmental Impact Issues |

Subsequent to the presentation, the organizer is advised of the MSETG's decision and provided a checklist of next steps for permitting and licensure requirements with the relevant agencies' representatives based on information provided during the meeting with the MSETG. In determining whether to grant or deny an event proposal, the MSETG will minimally consider the potential community impact of the event, as well as the effect the proposed event will have on the health and safety of the public, the environment, transportation management, conflicts with previously scheduled events, and the required manpower and resources of the city. The MSETG's approval of an event proposal is contingent on the support of the affected communities and the organizer's compliance with all terms, conditions, and provisions of current District and Federal agencies' rules, laws, regulations, codes, and public safety requirements.

The MSETG's approval of an event does not presume to give authority to violate or cancel the public safety requirements of any District or Federal agency, or the provisions of any District or Federal law, regulation, or code governing the use of public property. It is the responsibility of event organizers to comply with the public safety requirements of District and Federal agencies, and all applicable District and Federal laws, regulations, and codes in cooperation with District and Federal agencies. All terms, conditions and provisions of current District and Federal laws, regulations, and codes, shall remain in full force and effect.

Failure to comply with District and Federal laws, regulations, and codes, as well as failure to adhere to the requirements, guidelines and procedures of any District, Federal, or member agency of the MSETG may result in denial, suspension, or revocation of licenses and permits, or summary termination of the event.

The District of Columbia reserves the right to make changes to any of the subjects included herein.

General Requirements

The MSETG has been established to ensure that any changes, restrictions, or adaptations to public roadways, resulting from a special event are managed in a safe and prudent manner in order to protect public health, safety, and welfare, and to ensure minimal impact on the public and citizens of the District of Columbia. It is the responsibility of the event organizer to comply with the requirements of the MSETG and the member agencies of the MSETG, in addition to the following minimum general requirements:

- ☐ Acquire adequate financing to conduct the event.
- ☐ Submit Letter of Intent to the MSETG at least 180 days prior to the planned date of the event.
- ☐ Secure conditional approval of the MSETG.

MAYOR'S SPECIAL EVENTS TASK GROUP

Special Events Planning Guide

- ❑ Secure all necessary contracts, permits, and licenses required to conduct the event.
- ❑ Acquire necessary public liability insurance coverage and/or bonding required for the event, with minimal coverage as outlined under the *Public Space Occupancy Permits* section of this guide.
- ❑ Ensure that all streets are accessible to emergency vehicles and equipment at all times via a minimum 20 foot dedicated and unobstructed emergency lane, and as may be further determined by the Department of Fire and Emergency Medical Services.
- ❑ Ensure that event site plan is designed and implemented in a manner that does not allow the traversing of vehicular traffic (except as approved for parades) through the site of the event, and in compliance with requirements of the Metropolitan Police Department.
- ❑ Conduct the event in accordance with appropriate and relevant District and Federal laws, regulations, codes, and guidelines.

Event Scheduling

The MSETG maintains a schedule of special events on an annual basis. All new requests for event dates must be submitted in writing to the MSETG, and are processed on a *first-come, first-served* basis up to one year in advance. The MSETG processes numerous annual and traditional/long-established special events, such as the National Barbecue Battle, Taste of DC, H Street Festival, Rock 'n' Roll Marathon, etc. on a yearly basis. The MSETG will not process events for sites and dates affected by established annual events. Once an annual event is cancelled or rescheduled, the established date becomes available on a *first-come, first-served* basis.

Community Impact

Event organizers are required to meet with representatives of the communities affected by the event as noted herein in an effort to determine the impact of the event on their respective communities and develop mitigation strategies addressing the concerns of those communities. Event organizers of processional events (i.e., walks, runs, bike rides, etc.) are required to present proposals approved by the MSETG to the applicable Advisory Neighborhood Commissions (ANCs). In order to ensure that great weight is given to the ANCs relative to the community impact of the routes, event organizers are required to provide the MSETG with documentation of the position of the ANCs on the route traversing their respective ANCs. The community consent requirement for stationary events requiring a special event license (i.e., street festivals) is seventy-five percent (75%) approval of the residential/business establishments within a 300 foot radius of the site of the event. Event organizers must present the required signatures to the Department of Consumer and Regulatory Affairs.

General Considerations

In developing a plan for a special event, several factors should be considered by the event organizer. In addition to the scope of the event, community impact, municipal support and public safety requirements, general planning considerations should include, but not be limited to the following factors in planning for a safe and successful event.

Weather

Washington, D.C. is subject to hot, humid weather from May 30 through October 15. Thunderstorms and rain showers are frequent in the summer months. Cold weather may set in as early as the middle of November and continue through April. Cold rains and snowfalls are also prevalent during this period. The MSETG strongly urges special event organizers to consider weather conditions carefully. Hot, humid weather can produce health hazards to participants in outdoor events. The effects of heat and humidity are cumulative, and careful planning should

MAYOR'S SPECIAL EVENTS TASK GROUP

Special Events Planning Guide

include some analysis of the probable impact of exposure to weather conditions. Cold weather also requires adequate protection from the elements.

Composition of the Expected Crowd

Elderly citizens and small children require adequate planning, particularly if lengthy marches are part of the event. Organizers should make provisions for those who will have difficulty walking long distances. Event organizers are responsible for providing adequate water supply, sanitary facilities, and portable restrooms (1 for every 300 persons with a minimum of 10% being ADA compliant) to meet sanitation requirements. Food provisions should be considered as well, especially if the time period of the event is lengthy. Please keep in mind that persons from outside the District are often unfamiliar with local resources and services.

Bus Parking and Transportation

Large events involving many buses require active liaison efforts with the Metropolitan Police Department, the District Department of Transportation, and the Washington Metropolitan Area Transit Authority to ensure adequate parking areas, bus identification, and drop-off/pick-up points are well planned and coordinated.

Lost and Found Service

Event organizers should exercise special care to provide well identified signs, announcement by public address systems or pre-event handouts that clearly designate such services. In setting up a lost and found service, it is important for event organizers to assign individuals who will remain at the lost and found area until the event is fully terminated.

Communications Systems

Communications systems may include portable radios, cellular telephones, and adequate public address systems. Use of such equipment is dependent upon crowd size, routes, and geographical terrain. It is required that a large event (over 10,000 people) include provisions for a clearly identified logistical command post with an effective communications system.

Stages

For large crowds, it is essential that staging be of sufficient height and visibility to project the activities to the crowd adequately. Security for the stage should be carefully planned. For large activities, snow fencing should be considered for stage security. In setting up the stage, always leave a well identified emergency access route. Although problems of crowd control are not expected, such a route is especially important when emergency medical care is needed by participants near the front of the crowd.

Emergency Medical Services/First Aid

On-site, trained, professional and licensed personnel allow event organizers to be proactive when it comes to providing immediate emergency medical assistance.

Crowd Control

Adequate training of event marshals/personnel and the use of fencing equipment are measures to consider in the management of crowds.

Metrorail Service

Special schedules are operated on weekends and holidays. Metrobuses may need to be re-routed or Metrorail service may need to be supplemented in order to facilitate certain events.

MAYOR'S SPECIAL EVENTS TASK GROUP

Special Events Planning Guide

ADA Compliance

Events are required to meet the American with Disabilities Act (ADA) standards for accessibility. Site plans should depict ADA elements, including, but not limited to, ADA-compliant portable toilets, accessible paths of travel, etc. The minimum required number of accessible portable toilets is 10% of the total, but in no event less than one for each location. If a single unit is placed, it must be accessible.

Public Disclosure Information

The District recognizes that the public has a legitimate interest in possessing information concerning special events, particularly as they directly relate to potential impacts of events on the surrounding areas. In this regard, the following information provided in your event proposal, special event application/permit, and any supporting documents included therein are subject to public disclosure:

- ☐ Event Title
- ☐ Event Summary
- ☐ Name and Contact Information for Event Organizer(s)
- ☐ Event Website Address
- ☐ Dates and Times of the Event
- ☐ Location of the Event
- ☐ Projected Attendance/Participants
- ☐ Participation/Attendance Fee(s)
- ☐ Additional Public Contacts
- ☐ Community Outreach Efforts

In addition, the final permit issued by the District and any invoices for District services as well as other rates/fees charged by the District and documentation regarding payments made to the District in connection with a special event are subject to public disclosure.

Special Event Calendar

The Special Events Division of the Homeland Security and Emergency Management Agency (HSEMA) maintains the MSETG's Calendar of Special Events which details the events approved by the MSETG. Information contained in the LOI, presentation package, and/or special event application/permit will be used in developing the MSETG Calendar of Special Events. The calendar may be accessed at www.hsema.dc.gov/service/special-events.

Events are added to the calendar as they are approved by the MSETG.

After-Action Reporting

The submission of After-Action Reports by event organizers and relevant agencies will be used as a method of documenting key successes and determining areas of improvement for future planned productions of events. Event organizers will be provided with an After-Action Report template subsequent to receiving the conditional approval of the MSETG.

any public street, highway, or other public way, within the territorial jurisdiction of the Metropolitan Police Department, in a manner that requires changing, restricting, or adapting the normal and usual regulations or controls of such space held open for use by the general public. - ☐ The parade does not endanger public safety.

Street Closures

Street closures are routinely granted by the District of Columbia for special events. In order to ensure pedestrian and motor vehicle safety, street closures designed to split a festival or allow traffic to traverse between a separation of the festival area(s) are considered a public safety hazard and will not be considered for approval.

In the interest of public safety and to prevent the intrusion of motor vehicles into areas designated for pedestrians and equipment (e.g. tables, tents, chairs, vendors, etc.), the Metropolitan Police Department requires that all event organizers completely barricade roadways with barriers capable of stopping an oncoming vehicle (e.g., Type

MAYOR'S SPECIAL EVENTS TASK GROUP

III water-filled traffic barriers). The event organizer is fully responsible for the renting, insuring, transportation, installation, and removal of the barriers. The barriers are to be positioned in such a manner as directed by the Metropolitan Police Department and in compliance with District of Columbia Fire and EMS Department's requirements for an emergency access lane for emergency response and rescue vehicles. Should a special event be required to have Type III traffic barriers for street closures, and the organizer fails to supply those barriers, the Metropolitan Police Department will not implement any street closures for that special event irrespective of any permits being issued for that special event. Further, the special event will not be allowed to take place on the street surface.

Moving vehicles are not allowed in a closed venue area except when approved as part of a parade. If a stationary vehicle is part of the event plans for a closed venue, the keys must be removed from the vehicle until the event is over and it is safe to drive in the venue area. The presence of stationary vehicles within the venue must be indicated on the event site map when presented to the MSETG. Any planned usage of motorized carts to provide supplies and services within the venue must also be detailed in the event presentation package.

Reimbursable Detail Information

Should a special event take place on a recognized Federal or District Government Holiday, the Event Organizer **MAY** be invoiced at a higher rate due to required Holiday Pay overtime rates.

Additionally, the Metropolitan Police Department **MAY** invoice at a higher reimbursable rate for specialized assets (e.g., K9, Harbor Patrol, or Helicopter Unit) required for public safety during a special event.

The organizer is **FULLY** responsible for all expenses associated with services provided by the Metropolitan Police Department. Should the special event exceed the original Estimate for Police Services, the Event Organizer will be invoiced for any overage amount. This may occur if the Event Organizer fails to keep within permitted hours for cleanup and breakdown. The Metropolitan Police Department will maintain a public safety presence **ANY** time a portion of the Special Event remains active on the street, to include setup, breakdown, and cleanup activities.

Should an Event Organizer have **ANY** outstanding balances from any previous special events, the Metropolitan Police Department will not provide support to the special event being presented to the MSETG. Outstanding balances related to police services must be settled PRIOR to the MSETG presentation date. For example: If an Event Organizer has an outstanding balance from the previous year's special event, that balance must be settled before the current year's presentation; **OR**, should an Event Organizer that hosts multiple special events throughout the year, as long as the organizer has an outstanding balance for any prior special event within the same year, the balance must be settled prior to the current presentation to the MSETG.

Department of Fire and Emergency Medical Services

Emergency Medical Services Requirements

The Department of Fire and EMS mandates that all streets remain accessible to emergency vehicles and equipment at all times via a minimum 20 ft. dedicated and unobstructed emergency lane, and/or as may be further determined by the Department of Fire and EMS.

An essential requirement when planning a special event is the adequate provision of first aid and/or emergency medical services. It is imperative that normal emergency medical services operations for the city are not hindered by the staging of a special event. The Department of Fire and EMS (EMS Special Events Coordinator) as well as the Department of Health must review and approve your plans for first aid and/or emergency medical services to ensure that provisions are in place for coverage by proper licensed/certified personnel. To ensure safety of persons attending a special event, the Emergency Medical Service provider (if services are not provided by the Department of Fire and EMS) must be able to initiate an Incident Action Plan (as required by the U.S. Department of Homeland Security) that is appropriate for the event. All events must have an Incident Action Plan on file with the Department of Fire and EMS. Additionally, the provider must have direct radio communications capability with the Department of Fire and EMS, local and applicable Federal law enforcement agencies, and the District of Columbia's Homeland Security and Emergency Management Agency. The following guideline, established according to the number of people anticipated at an event, will ensure that appropriate emergency medical coverage is provided throughout your event:

NOTE: Special high-activity events such as concerts, marathons, 5K and 10K races, as well as other events staged during periods of extreme temperatures, or potentially affecting a high number of special needs individuals (e.g., elderly or young children) will be required to obtain first aid and/or emergency medical services and other Fire/EMS assets as determined by the Department of Fire and EMS and the Department of Health.

Department of Health

Food Safety and Hygiene Inspection Services Division

Successful ventures in food service at special events can be assured when diligently following the requirements as outlined in the DCMR Title 25-A, also known as the DC Food Code. To confirm that all food vendors understand how to ensure food safety, it is critical that all potential vendors read, understand, and then sign-off on the ***Food Services Guidelines/Requirements for Special Events Vendors*** prior to the event. Each vendor must sign the Food Safety Division's (FSD) form acknowledging their receipt of the *Guidelines* prior to the event. The *Guidelines* highlight the major requirements. The FSD will have inspectors on-site during the special event to ensure that all of the requirements as stated in the Food Code are being met. If, during the inspections, the sanitarian finds that the food or operations threatens the health or safety of the patrons, the vendor will be required to dispose of the food and/or discontinue the operation. During the day(s) of the event, there will be one (1) sanitarian conducting inspections for every ten (10) vendors. Every attempt will be made for all food service operators to be inspected prior to conducting any sales.

To meet the critical requirements of the Food Code, it is required that all vendors have enough hot water (100°F) for hand-washing, and enough hot water for ware-washing (110°F), during all hours of the special event (DCMR 25 § 401 & § 2402). **If the vendor is unable, the Event Organizer will be responsible for providing an approved method of supplying sufficient hot water for all vendors.**

So that the Event Organizer will have a sufficient number of copies of FSD's *Guidelines* available for the vendors, please provide a list of the potential vendors to FSD. Please provide the following information:

- ☐ Name of Lead Vendor
- ☐ Name(s) of additional vendors
- ☐ Trade Name or Food Establishment association
- ☐ Contact telephone number
- ☐ On-site cell phone number during event
- ☐ Contact email address
- ☐ Contact mailing address
- ☐ Menu/Food items to be offered for sale
- ☐ Also include the name of the event, dates/times of event, and name of Event Organizer.

Email this information to **food.safety@dc.gov** or fax to **(202) 535-1359**.

For events where food is not offered for sale, but is to be distributed for free/at no cost to either the participants or spectators, the FSD would like to remind vendors to maintain sanitary conditions to the best of their ability and include signage indicating that patrons consume such food items at their own risk.

Health Emergency Preparedness and Response Administration Requirements

The Department of Health, requires that all event coordinators submit a Health, Medical and Safety Plan to the Department of Health. The Health Emergency Preparedness and Response Administration (HEPRA) within the Department of Health (DOH) has created guidelines to provide assistance in creating the Health, Medical and Safety Plan. The guidelines cover planning for all types of events and include a detailed matrix identifying medical assets such as first aid stations, transport ambulances, supplies and equipment which might be needed depending on the event size, duration, and other dynamic factors at play. The D.C. DOH Special Events Health, Medical and Safety Planning Guide is posted at the DOH-HEPRA website at <http://doh.dc.gov/page/special-event-medical-planning>.

DC Water

Misting Tent Request

DC Water provides a misting tent as a service to the community (minimum group size-100 participants). DC Water recommends applying for a permit at least two weeks before the Misting Tent is needed. It typically takes one to two weeks for DC Water to process an application.

Event organizers interested in having the DC Water Misting Tent setup at the Special Event, please request the tent at http://www.dewater.com/about/tent_request_form.cfm.

Fire Hydrant Use Permit

If a water source is needed for drinking, cooking, misting tents or for similar purposes, DC Water recommends using a water truck, or an on-site water storage tank. If these water sources are not available or are prohibited at the event site and the use of a fire hydrant as a temporary water source is required, a Fire Hydrant Use Permit must first be obtained from DC Water. This permit will authorize the applicant to operate a particular fire hydrant for the purpose of obtaining water on a temporary basis for the duration of the event.

Event organizers interested in using fire hydrants during a Special Event should apply for a Fire Hydrant Use Permit prior to the Special Event at http://www.dewater.com/business/permits/fire_hydrant_use.cfm.

Drinking Water Station/Water Bubbler Use Permit

A water bubbler is a device that is attached to a fire hydrant and acts as a drinking water fountain or bubbler. In certain cases, such as community events, DC Water allows customers to rent a water bubbler for drinking water, washing, cooking and recreational use.

Event organizers interested in using a water bubbler at a Special Event should apply for a Water Bubbler Use Permit at: http://www.dewater.com/business/permits/water_bubbler_permit.cfm.

Temporary Discharge to Sewers Permit

To discharge any water or wastewater from an event, a Temporary Discharge to Sewers Permit must be obtained to ensure the proposed discharge location is acceptable for the volume and type of waste being disposed. Any special restrictions, treatment, and/or monitoring requirements for the discharge will be identified in the permit and are assessed on a case by case basis.

To discharge any water or wastewater from a Special Event, please apply for a Temporary Discharge to Sewers Permit at: http://www.dewater.com/business/permits/groundwater_temporary_discharge.cfm.

“Wendy the Waterdrop” Appearance

DC Water has a waterdrop mascot named Wendy. Wendy can be scheduled for special events, and requests must be submitted two-three weeks in advance. Wendy should generally be used in good weather, and if inclement weather is predicted, she must be used indoors.

Environmental Regulations for Special Events

Below is a list of environmental regulations that apply to special events in the District. Other regulations may apply for activities that have additional environmental concerns, such as the use of hazardous materials.

Engine Anti-Idling Law

With a few exceptions, motor vehicles powered by gasoline or diesel are not allowed to idle for more than three minutes while the vehicle is parked, stopped or standing. Any person or organization owning or operating a vehicle seen violating this regulation will be issued a civil infraction ticket for \$1,000 for a first-time violation. Learn more at doee.dc.gov/service/engine-anti-idling-law

Anacostia River Clean Up and Protection Act ('Bag Law')

The Bag Law requires all District businesses that sell food or alcohol to charge five cents for each disposable paper or plastic carryout bag — whether or not food or alcohol products are purchased in the store. Learn more about and find guidance on how to implement the Bag Law at doee.dc.gov/bags

Food Service Ware Regulations ('Foam Ban')

The Sustainable DC Omnibus Amendment Act of 2014 bans the use of food service products made of expanded polystyrene, commonly known as foam or Styrofoam™, by all District businesses and organizations that serve food. Effective January 1, 2017, businesses and organizations that sell or serve food or beverages in the District must only use recyclable or compostable food service products. Mixed materials, such as paper bags with a plastic window and foil sandwich wraps with a paper lining, are banned from use (Appendix A). Learn more at doee.dc.gov/foodserviceware

Non-Storm water Discharges

Under the DC Water Pollution Control Act and the federal Clean Water Act, the discharge of pollutants to the storm water sewer system is prohibited. Any substance with the potential to alter water quality is considered a pollutant, including: wash water, grey water, oils, dirt, litter, and even chemicals in drinking water like chlorine that may be harmful to fish and other living organisms. No amounts of any of these substances may be disposed of or washed into a storm drain, and accidental releases must be minimized. Special events with the potential to

discharge pollutants should take steps to prevent and respond to spills and should call 911 if pollutants get into a storm drain. Learn more at doee.dc.gov/service/water-quality-regulations

Recycling and Zero Waste Event Guide

Incorporating waste minimization practices into events has positive environmental, social, and financial impacts. The Special Event Waste Diversion Amendment Act of 2014 requires permit applicants to develop a recycling plan for events with more than 100 attendees. Going beyond recycling to include reducing waste at the source and waste diversion, such as composting and food recovery, can help organizers attract attendees and align with the values of event participants who seek to reduce their environmental footprint. The Department of Energy and Environment has developed a Zero Waste Guide. The guide provides a helpful checklist for planning zero waste events and directories of local vendors to support zero waste efforts. Learn more at: zerowaste.dc.gov
