

NIMS Resource Typing In the NCR Grants Management System (GMS)

Beginning in FY2011 FEMA defined a set of resource types as part of the NIMS, and required the SAA to report on how funds are used in support of developing typed resources/capabilities. This requirement was written into the FY2011 and FY2012 HSGP Grant Guidance and was reflected in Section 7 of the SAA's Project Management Plan (PMP) templates. Not all projects will have deliverables that support one of the NIMS resource types - but those that do must report which resource type is supported, and what equipment and training was purchased to support the development or sustainment of that resource type.

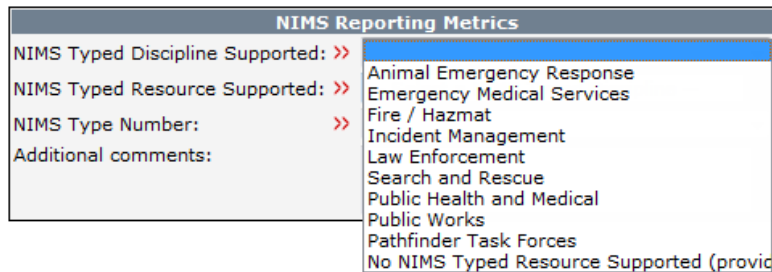

The NCR Grants Management System flagged equipment and training related Authorized Equipment List (AEL) categories in order to capture this requirement.

For projects impacted by this requirement, the subgrantee will see the NIMS Reporting Metrics box in NCR GMS at the invoicing state.

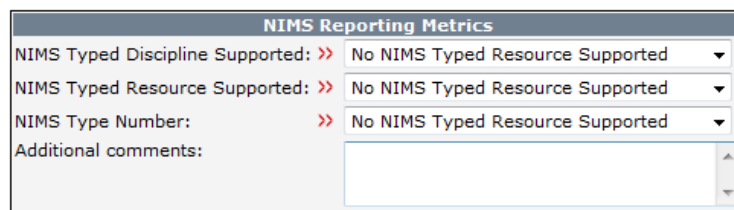

The screenshot shows a form titled "NIMS Reporting Metrics" with four fields: "NIMS Typed Discipline Supported:", "NIMS Typed Resource Supported:", "NIMS Type Number:", and "Additional comments:". The first three fields are dropdown menus, and the last is a text area. All dropdown menus are currently empty, showing "-- Select a NIMS Typed Discipline --".

If the expenditure item supports a NIMS Resource Type, the appropriate fields should be selected in accordance with the PMP. The full breakout of the disciplines and resources supported is available at the end of this slick sheet. In the NIMS Typed Discipline Supported drop-down menu, the subgrantee can select from the categories below:

The screenshot shows the "NIMS Reporting Metrics" form with the "NIMS Typed Discipline Supported:" dropdown menu open. The menu lists the following options: Animal Emergency Response, Emergency Medical Services, Fire / Hazmat, Incident Management, Law Enforcement, Search and Rescue, Public Health and Medical, Public Works, Pathfinder Task Forces, and No NIMS Typed Resource Supported (providing). The "No NIMS Typed Resource Supported (providing)" option is highlighted in blue.

If the expenditure item does not support a NIMS Resource type, the subgrantee may select "No NIMS Typed Resource Supported", for each of the required fields.

The screenshot shows the "NIMS Reporting Metrics" form with all three dropdown menus selected to "No NIMS Typed Resource Supported". The "Additional comments:" text area is empty.

After the metrics has been completed, the reimbursement process remains the same.

NIMS Typed Resources Supported – Breakout

Animal Emergency Response

Large Animal Rescue Strike Team
 Large Animal Sheltering Team
 Large Animal Transport Team
 Small Animal Rescue Strike Team
 Small Animal Sheltering Team
 Small Animal Transport Team
 Incident Management Team Animal Protection
 State / Local Other (provide in comments section)

Emergency Medical Services

Air Ambulance (Fixed-Wing)
 Air Ambulance (Rotary-Wing)
 Ambulances (Ground)
 Ambulance Strike Team
 Ambulance Task Force
 Emergency Medical Task Force
 Mass Casualty Support Vehicle
 Multi-Patient Medical Transport Vehicle
 State / Local Other (provide in comments section)

Fire/Hazmat

Area Command Team, Firefighting
 Brush Patrol, Firefighting (Type VI Engine)
 Crew Transport (Fighting Crew)
 Engine, Fire (Pumper)
 Fire Boat
 Fire Truck - Aerial (Ladder or Platform)
 Foam Tender, Firefighting
 Fuel Tender (Gasoline, Diesel, AvGas, aka Fueler)
 Hand Crew
 HazMat Entry Team
 Helicopters, Firefighting
 Helitanker (firefighting helicopter)
 Incident Management Team, Firefighting
 Interagency Buying Team, Firefighting
 Mobile Communications Unit (Law/Fire)
 Portable Pump
 Strike Team, Engine (Fire)
 U.S. Coast Guard National Strike Force
 Water Tender, Firefighting (Tanker)
 State / Local Other (provide in comments section)

Incident Management

Airborne Communications Relay Team (Fixed-Wing)
 Airborne Communications Relay (Fixed-Wing)
 Airborne Transport Team (Fixed-Wing)
 Communications Support Team (CAP)
 Critical Incident Stress Management Team
 Donations Coordinator
 Donations Management Personnel/Team
 EOC Finance/ Administration Section Chief/
 EOC Management Support Team
 EOC Operations Section Chief
 EOC Planning Section Chief
 Evacuation Coordination Team
 Evacuation Liaison Team (ELT)
 Incident Management Team
 Individual Assistance Disaster Assessment
 Individual Assistance Disaster Assessment
 Mobile Communications Center (Mobile EOC)
 Mobile Feeding Kitchen (Mobile Field Kitchen)
 Public Assistance Coordinator
 Rapid Needs Assessment Team
 Shelter Management Team
 Volunteer Agency Liaison
 State / Local Other (provide in comments section)

Law Enforcement

Bomb Squad/Explosives Team
 Law Enforcement Aviation-Helicopters - Patrol
 Law Enforcement Observation Aircraft (Fixed-Wing)
 Mobile Field Force Law Enforcement (Crowd Control)
 Public Safety Dive Team
 SWAT/ Tactical Teams
 State / Local Other (provide in comments section)

Search and Rescue

Air Search Team (Fixed-Wing)
 Airborne Reconnaissance (Fixed-Wing)
 Canine Search and Rescue Team - Avalanche
 Canine Search and Rescue Team - Disaster
 Canine Search and Rescue Team - Land Casualty
 Canine Search and Rescue Team - Water Access
 Canine Search and Rescue Team - Wilderness
 Canine Search and Rescue Team - Wilderness
 Cave Search and Rescue Team
 Collapse Search and Rescue Teams
 Mine and Tunnel Search and Rescue Team
 Mountain Search and Rescue Team
 Radio Direction Finding Team
 Swiftwater/Flood Search and Rescue Team
 US&R Incident Support Team
 US&R Task Forces
 Wilderness Search and Rescue Team
 State / Local Other (provide in comments section)

Public Health and Medical

Public Health: Epidemiology (Surveillance and Control)
 Public Health: Isolation and Quarantine
 Public Health: Environmental Health
 Public Health: Mass Dispensing Consultant Team
 Public Health: Receiving, Staging, and Storage
 Ancillary Support Team (Laboratory, Pharmacy, etc.)
 Emergency / Critical Care Team
 Mobile Field Medical Team
 Speciality Services Team
 Palliative Care/Hospice Team
 Public Health and Medical Team in a Shelter
 Medical/Public Health System Assessment Team
 State / Local Other (provide in comments section)

Public Works

Aerial Lift - Articulating Boom
 Aerial Lift - Self Propelled, Scissor, Rough Terrain
 Aerial Lift - Telescopic Boom
 Aerial Lift - Truck Mounted
 Air Compressor
 Air Conditioner/Heater
 Air Curtain Burners (Fire Box-Above Ground)
 Air Curtain Burners (Trench Burner, In-Ground)
 Buses
 Chillers & Air Handlers (500 Ton to 50 Ton)
 Concrete Cutter/ Multi-Processor for Hydraulic
 Cranes, All Terrain & Rough Terrain
 Cranes, Crawler (Lattice)
 Electronic Boards, Arrow Boards
 Electronic Boards, Variable Message Signs
 Floodlights
 Generators
 Grader w/Attachments
 Hydraulic Excavator (Large Mass Excavator)
 Hydraulic Excavator (Medium Mass Excavator)
 Hydraulic Excavator (Compact - Short Reach)
 Hydraulic Excavator Truck Mounted
 Road Sweeper
 Scraper, Earth Moving
 Snow Blower, Chassis Mounted
 Snow Blower, Loader Mounted
 Snow Cat
 Track Dozer
 Track Loader

Pathfinder Task Force

Pathfinders Task Force
 State / Local Other (provide in comments section)

Quick Note: For additional questions regarding NIMS Resource Typing, please contact your Program Manager at the SAA.
